NEW SERIES: VOLUME 9; No. 49

BARBOURVILLE, KY., FRIDAY, OCTOBER 10, 1919

ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

Make Kentucky "Safe" For Prohibition VOTE "YES" ON THE STATE WIDE AMENDMENT NOV. 4TH.

CONGRESSMAN J. M. ROBISON, who introduced bill granting additional compensation to all soldiers, sailors, marines and others who served in the armed forces of the United States in the war against Germany and Austria.

Washington, D. C., Oct. 3, 1919.

Mr. Fred Burman,

My Dear Friend:

I enclose herewith a copy of the bill I have introduced for the benefit of the boys who were in the world war. I know this will be of interest to almost every family in your county, because almost every family had some member in this war. I am going to do everything in my power to see that this bill passes. I am heartily in favor of giving to the soldiers, sailors and marines who served in the war against Germany and Austria a bonus. The wages paid them were grossly inadequate. I am in favor of all the boys having bonuses, but I feel that the boys who served overseas should be given more than those who did not go across. Canada has already given her soldiers a substantial bonus. Our government gave the people of Europe one hundred million dollars after the war. The contractors of this country got from two to five billion of excess profits in their dealings with the government. We loaned ten billion dollars to the allies and much of this will never be paid back and why should we be niggardly with the boys who were cut off from the opportunity of making money or advances in civil life.

Your friend,

J. M. ROBISON.

Following is the bill introduced by Congressman Robison:

A bill granting additional compensation to all soldiers, sailors, marines, and others who served in the armed forces of the United States in the war against Germany and Austria.

Be it enacted by the Senate and

House of Representatives of the United States of America in Congress assembled, That every officer and enlisted man of the Army, Navy, Marine Corps, and every member of the Army Nurse Corps, including American Red Cross nurses who served in the forces of the United States in the war against Germany and Austria at any time on and between April 6, 1917, and November 11, 1918, and who has been honorably discharged from said service, or who may hereafter be honorably discharged therefrom, if he or she served overseas, he shall receive in addition to all other compensations and allowances herebefore allowed by law, the sum of \$10 for each month of such service overseas rendered before November 11, 1918, and \$20 per month for each additional time that he served overseas or in the United States between April 6, 1917, and to the time of his or her honorable discharge, not later than October 1, 1919, and if he or she did not serve overseas, they shall receive \$50 per month for such time that he or she served between April 6, 1917, and October 1, 1919. In the computation of the length of service a fraction of a month shall be considered a full month.

If a person above described, who was in the service at any time on and between April 6, 1917, and November 11, 1918, who if living, would be entitled to the benefits of this act, shall have died prior to or on the date this act takes effect, and was honorably discharged, or was at the time of his or her death in good standing, or shall die, hereafter, before receiving such payment, after being honorably discharged or while in good standing, then the payment otherwise according to the deceased shall be paid to the surviving widow, child, or children, mother or dependent father of the deceased, in the order herein stated.

The benefits of this act will not accrue to any person for time spent while taking training in any student army, training camp, training school, nor any person who, though inducted into the service, did civilian work at civilian pay, nor to any person who was a conscientious objector and was permitted because of same to perform noncombatant duty, while in the service, nor to any person who was a deserter or dishonorably discharged.

Sec. 2. That all persons entitled to receive payment under this act, shall receive the same in lawful money of the United States, if such money is available for such purposes, and if there is not sufficient money in the Treasury to meet such payments, Secretary of the Treasury is hereby authorized and directed to issue to each of the persons entitled to receive said payment, United States Government bonds at par, such bonds to be known as Victory bonds. All of such bonds will be dated as of the date of the approval of this act by the President or upon the date it shall become a law without his signature if he should fail to approve same, and to bear in-

terest at 4 per centum per annum and to be nontaxable for any purpose and for all purposes. The said bonds for overseas service will be in denominations of \$40 and such multiples of \$40 as the case may require. And the said bonds for the other service shall be of denomination of \$20 and such multiples of \$20 as the case may require. Such bonds will be in such form and such condition of issue, conversion, redemption, maturities, and payment, in addition to the terms herein stated, as said Secretary may prescribe.

Sec. 3. That the Secretary of War and the Secretary of the Navy, respectively, shall make and adopt such rules and regulations as shall be necessary for carrying out and enforcing the provisions of this act.

MORAL—DON'T BORROW.

A man who was too stingy to subscribe for his home paper sent his little boy to borrow the copy taken by a neighbor. In his haste the boy ran over a 84 stand of bees and in ten minutes looked like a warty summer squash. His father ran to his assistance, and failing to notice the barbed wire fence, ran into that, cutting a hole in his anatomy and ruining a \$5 pair of trousers. The old cow took advantage of the gap in the fence and got into the corn field and killed herself eating green corn. Hearing a racket, the wife ran out, upset a four-gallon churn full of cream into a basket of little chickens, drowning the entire hatch. In her haste she dropped a \$25 set of false teeth. The baby, having been left alone, crawled through the milk into the parlor, ruining a brand-new \$25 carpet. During the excitement the oldest daughter ran away with the hired man, the dog broke up eleven setting hens and the calves got out and chewed the tails of four fine shirts on the clothes line.—Schree (Ky.) Banner.

MICKIE SAYS

IF YOU'VE GOTTA FRIEND SOMEWHERE WHO USE LIVE HERE, WHY DONCHA SEND 'EM THE PAPER PER A YEAR? NOTHIN' 'YA KIN DO WILL PLEASE 'EM MORE!

Union College Notes

Dr. Gray visited the College Freshman English Class Saturday afternoon and gave them a talk on methods of becoming a good public speaker. The class learned that the first essential is to want to be a good speaker; the second is to have a real message that you want to give to others.

There is a movement on foot to organize the school into two literary societies. This will give each student a chance to do his best along lines of public performance.

The students are having good times at their bi-weekly socials in the parlor of Speed Hall. Last Saturday night was one of the jolliest ever.

The serenading party that visited Speed Hall Monday night was greatly appreciated by the Hall dwellers. Judging from the music rendered and the quality of the singing, the choral classes this year should have the heaviest support of the young men.

The Junior Academy Class held their first meeting Saturday and the officers elected were Cheslie Franklin, President and Violet Humfleet Secretary and Treasurer.

Union College certainly had its place in the Kentucky conference this year. She had a day of the sessions for herself. The preachers of the conference were deeply impressed with the

work of the College. They have learned also that Union College is the greatest channel through which preachers may be had to fill the ranks of Methodism in Kentucky.

Several preachers and students visited the conference and returned with good appointments for the coming year, namely S. P. Franklin to work in Chicago in connection with his studies in Garrett Biblical Institute, W. G. Butler to Middlesboro, G. V. Sanders to Pineville, J. E. Ruggles to Williamsburg, A. H. Guyn to Kettle Island circuit, W. D. Archibald to Barbourville circuit, Wm. Marcum to London, Clarence Fisk to Wilton circuit. Two of the above, S. P. Franklin, and W. G. Butler were ordained deacons at the conference.

The Kentucky Conference is justly proud of the preacher students of Union College and very fittingly expressed itself in the way it received our beloved President Franklin, "May his tribe increase."

Union is now offering a complete course in domestic science. Miss Erma Beard of Portland, Ind., will carry on this new department of work very efficiently. All the boys are making arrangements to join the sewing class. This class is born of the necessities of the time. Nearly all the boys need a course along this line of work, as buttons must soon be sewed on, socks must be darned and elbows patched. Success to the young men's sewing class.

The Sophomore Class held its first regular business meeting last week and elected James Blair President, Anna Lee, Vice President, Clarence Fisk, Secretary. Mrs. Fisk and Mrs. Butler were made honorary members of the class. A social committee was appointed whose work will be to provide social good times for the class as often as practicable.

The Sophomores went for a picnic supper to Long Hill Tuesday afternoon. The buns and cakes and pickles and weines disappeared like magic when the bonfire had reached the right stage of development.

Songs and class yells made Long Hill remember the old days

MR. FRED BURMAN.

The above is a good likeness of Mr. Fred Burman, editor of The Mountain Advocate, who Monday of last week underwent an operation at Norton Memorial Infirmary in Louisville.

It will be of interest to the many friends of Mr. Burman to know that he is improving nicely and hopes to be back on the newspaper soon. Mrs. Burman who is with her husband in a letter to her sister, Mrs. W. B. Minton, says that he is rapidly improving and hopes to be able to come home Saturday.

when the Indians roamed over this country. Everybody had such a good time that another picnic before the snow flies was talked of enthusiastically.

"Hurrah for the White Sox!" Score 24 to 19, favor of White Sox.

A wonderful game of indoor baseball on the outside was witnessed on the campus yesterday. Cicotte pitching for the White Sox of Union College had the better of the three Red or Bolshevik pitchers. Cicotte allowed only 38 hits, while the Reds got 27 hits. The White Sox won 24 to 19. The grandstand and bleachers (the college steps) were crowded with enthusiastic fans who were betting big odds on the Reds. This game is the climax of the season's work. But a fine team will be on hand to continue next year.

A Beautiful Woman.

Do you know that a beautiful woman always has a good digestion? If your digestion is faulty, eat lightly of meats, and take an occasional dose of Chamberlain's Tablets to strengthen your digestion. Price 25 cents.

What you will be tomorrow depends on what you save today.

This is a well known fact, and is admitted even by the greatest spendthrifts. But they don't seem to care.

It is the man who takes this fact seriously, who will have money tomorrow.

Never in the history of the world has it been so easy to start saving.
